Claim Rejections - 35 USC § 112

Claims 6,7 and 10-18 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Foreign publications cannot be incorporated into a US patent application. See MPEP 608.01(p),I,A. Consequently, the disclosure of the shock absorbing device is not adequately disclosed.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5,8 and 9 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Tabellini '800.

Art Unit: 3634
